Description

This report studies the sodium nitrate market.

Sodium nitrate occurs as colorless crystals or as a white crystalline powder. It is odorless and has a slightly salty taste.

China is the main market for sodium nitrate, accounting for about 40%, followed by North America, accounting for about 20%.

Major manufacturers include SQM, Shandong Haihua, Cosayach, Jianfeng Group, Linyi Luguang, etc. The top three companies account for about 25% of the market.

Report Scope

This report quantifies the global Sodium Nitrate market in revenue (US\$ million) and, where applicable, sales volume (K MT), using 2025 as the base year and providing annual historical and forecast data for 2021–2032. It standardizes definitions of types and applications, harmonizes vendor attribution, and presents comparable time series by company, type, application, and region/country, including indicative price bands (US\$/K MT) and concentration ratios (CR5/CR10).

The outputs are intended to support strategy development, budgeting, and performance benchmarking for manufacturers, new entrants, channel partners, and investors; the report also reviews technology shifts and notable product introductions relevant to Sodium Nitrate.

Key Companies & Market Share Insights

This section profiles leading manufacturers, combining 2021–2025 results with a 2026–2032 outlook. It reports revenue, market share, price bands, product and application mix, regional and channel mix, and key developments (M&A, capacity additions, certifications). It also provides global revenue, average price, and—where applicable—sales volume by manufacturer, and calculates CR5/CR10 and rank changes to support comparative benchmarking.
