

# Power Distribution Automation Components Industry Research Report 2026

| Industry              | Published  | Pages      | Format |
|-----------------------|------------|------------|--------|
| Machinery & Equipment | 2026-07-03 | 116        | PDF    |
| Single User           | Multi User | Enterprise |        |
| USD 2,950             | USD 4,430  | USD 5,900  |        |

## Description

The global Power Distribution Automation Components market was valued at US\$ million in 2025 and is projected to reach US\$ million by 2032, implying a CAGR of % over 2026–2032.

The North America market for Power Distribution Automation Components is forecast to increase from US\$ million in 2026 to US\$ million by 2032, corresponding to a CAGR of % over 2026–2032.

The Europe market for Power Distribution Automation Components is projected to rise from US\$ million in 2026 to US\$ million by 2032, registering a CAGR of % over 2026–2032.

The Asia Pacific market for Power Distribution Automation Components is expected to grow from US\$ million in 2026 to US\$ million by 2032, at a CAGR of % over 2026–2032.

Leading global manufacturers of Power Distribution Automation Components include among others. In 2025, the top three vendors together accounted for approximately % of global revenue.

## Report Scope

This report quantifies the global Power Distribution Automation Components market in revenue (US\$ million) and, where applicable, sales volume (k units), using 2025 as the base year and providing annual historical and forecast data for 2021–2032.

It standardizes definitions of types and applications, harmonizes vendor attribution, and presents comparable time series by company, type, application, and region/country, including indicative price bands (US\$/k units) and concentration ratios (CR5/CR10).

The outputs are intended to support strategy development, budgeting, and performance benchmarking for manufacturers, new entrants, channel partners, and investors; the report also reviews technology shifts and notable product introductions relevant to Power Distribution Automation Components.

## Key Companies & Market Share Insights

This section profiles leading manufacturers, combining 2021–2025 results with a 2026–2032 outlook. It reports revenue, market share, price bands, product and application mix, regional and channel mix, and key developments (M&A, capacity additions, certifications). It also provides global revenue, average price, and—where applicable—sales volume by manufacturer, and calculates CR5/CR10 and rank changes to support comparative benchmarking.

Power Distribution Automation Components Market by Company

ABB

EATON

Schneider Electric

Siemens

Grid Solutions

Larsen & Toubro

G&W Electric

S&C Electric

Kalkitech

**Power Distribution Automation Components Segment by Type**

Protecting And Switching Components

Monitoring Components

Measuring Components

**Power Distribution Automation Components Segment by Application**

Industrial

Commercial

Residential

**Power Distribution Automation Components Segment by Region**

North America

United States

Canada

Mexico

Europe

Germany

France

U.K.

Italy

Russia

Spain

Netherlands

Switzerland

Sweden

Poland

Asia-Pacific

China

Japan

South Korea

India

Australia

Taiwan

Southeast Asia

South America

Brazil

Argentina

Chile

Colombia

Middle East & Africa

Egypt

South Africa

Israel

## Key Drivers & Barriers

High-impact rendering factors and drivers have been studied in this report to aid the readers to understand the general development. Moreover, the report includes restraints and challenges that may act as stumbling blocks on the way of the players. This will assist the users to be attentive and make informed decisions related to business. Specialists have also laid their focus on the upcoming business prospects.

## Reasons to Buy This Report

1. This report will help the readers to understand the competition within the industries and strategies for the competitive environment to enhance the potential profit. The report also focuses on the competitive landscape of the global Power Distribution Automation Components market, and introduces in detail the market share, industry ranking, competitor ecosystem, market performance, new product development, operation situation, expansion, and acquisition. etc. of the main players, which helps the readers to identify the main competitors and deeply understand the competition pattern of the market.
2. This report will help stakeholders to understand the global industry status and trends of Power Distribution Automation Components and provides them with information on key market drivers, restraints, challenges, and opportunities.
3. This report will help stakeholders to understand competitors better and gain more insights to strengthen their position in their businesses. The competitive landscape section includes the market share and rank (in volume and value), competitor ecosystem, new product development, expansion, and acquisition.
4. This report stays updated with novel technology integration, features, and the latest developments in the market
5. This report helps stakeholders to gain insights into which regions to target globally
6. This report helps stakeholders to gain insights into the end-user perception concerning the adoption of Power Distribution Automation Components.
7. This report helps stakeholders to identify some of the key players in the market and understand their valuable contribution.

## Chapter Outline

### Chapter 1:

Research objectives, research methods, data sources, data cross-validation;

### Chapter 2:

Introduces the report scope of the report, executive summary of different market segments (by region, product type, application, etc), including the market size of each market segment, future development potential, and so on. It offers a high-level view of the current state of the market and its likely evolution in the short to mid-term, and long term.

### Chapter 3:

Detailed analysis of Power Distribution Automation Components manufacturers competitive landscape, price, production and value market share, latest development plan, merger, and acquisition information, etc.

### Chapter 4:

Provides profiles of key players, introducing the basic situation of the main companies in the market in detail, including product production/output, value, price, gross margin, product introduction, recent development, etc.

### Chapter 5:

Production/output, value of Power Distribution Automation Components by region/country. It provides a quantitative analysis of the market size and development potential of each region in the next six years.

### Chapter 6:

Consumption of Power Distribution Automation Components in regional level and country level. It provides a quantitative analysis of the market size and development potential of each region and its main countries and introduces the market development, future development prospects, market space, and production of each country in the world.

### **Chapter 7:**

Provides the analysis of various market segments by type, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different market segments.

### **Chapter 8:**

Provides the analysis of various market segments by application, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different downstream markets.

### **Chapter 9:**

Analysis of industrial chain, including the upstream and downstream of the industry.

### **Chapter 10:**

Introduces the market dynamics, latest developments of the market, the driving factors and restrictive factors of the market, the challenges and risks faced by manufacturers in the industry, and the analysis of relevant policies in the industry.

### **Chapter 11:**

The main points and conclusions of the report.

# Table of Contents

---

## 1 Preface

- 1.1 Scope of Report
- 1.2 Reasons for Doing This Study
- 1.3 Research Methodology
- 1.4 Research Process
- 1.5 Data Source
  - 1.5.1 Secondary Sources
  - 1.5.2 Primary Sources

---

## 2 Market Overview

- 2.1 Product Definition
- 2.2 Power Distribution Automation Components by Type
  - 2.2.1 Market Value Comparison by Type (2021 VS 2025 VS 2032) & (US\$ Million)
  - 2.2.2 Protecting And Switching Components
  - 2.2.3 Monitoring Components
  - 2.2.4 Measuring Components
- 2.3 Power Distribution Automation Components by Application
  - 2.3.1 Market Value Comparison by Application (2021 VS 2025 VS 2032) & (US\$ Million)
  - 2.3.2 Industrial
  - 2.3.3 Commercial
  - 2.3.4 Residential
- 2.4 Global Market Growth Prospects
  - 2.4.1 Global Power Distribution Automation Components Production Value Estimates and Forecasts (2021-2032)
  - 2.4.2 Global Power Distribution Automation Components Production Capacity Estimates and Forecasts (2021-2032)
  - 2.4.3 Global Power Distribution Automation Components Production Estimates and Forecasts (2021-2032)
  - 2.4.4 Global Power Distribution Automation Components Market Average Price (2021-2032)

---

## 3 Market Competitive Landscape by Manufacturers

- 3.1 Global Power Distribution Automation Components Production by Manufacturers (2021-2026)
- 3.2 Global Power Distribution Automation Components Production Value by Manufacturers (2021-2026)
- 3.3 Global Power Distribution Automation Components Average Price by Manufacturers (2021-2026)
- 3.4 Global Power Distribution Automation Components Industry Manufacturers Ranking, 2024 VS 2025 VS 2026
- 3.5 Global Power Distribution Automation Components Key Manufacturers, Manufacturing Sites & Headquarters
- 3.6 Global Power Distribution Automation Components Manufacturers, Product Type & Application
- 3.7 Global Power Distribution Automation Components Manufacturers Established Date
- 3.8 Global Power Distribution Automation Components Market CR5 and HHI
- 3.9 Global Manufacturers Mergers & Acquisition

---

## 4 Manufacturers Profiled

- 4.1 ABB
  - 4.1.1 ABB Power Distribution Automation Components Company Information
  - 4.1.2 ABB Power Distribution Automation Components Business Overview
  - 4.1.3 ABB Power Distribution Automation Components Production, Value and Gross Margin (2021-2026)
  - 4.1.4 ABB Product Portfolio
  - 4.1.5 ABB Recent Developments
- 4.2 EATON

- 4.2.1 EATON Power Distribution Automation Components Company Information
  - 4.2.2 EATON Power Distribution Automation Components Business Overview
  - 4.2.3 EATON Power Distribution Automation Components Production, Value and Gross Margin (2021-2026)
  - 4.2.4 EATON Product Portfolio
  - 4.2.5 EATON Recent Developments
- 4.3 Schneider Electric
  - 4.3.1 Schneider Electric Power Distribution Automation Components Company Information
  - 4.3.2 Schneider Electric Power Distribution Automation Components Business Overview
  - 4.3.3 Schneider Electric Power Distribution Automation Components Production, Value and Gross Margin (2021-2026)
  - 4.3.4 Schneider Electric Product Portfolio
  - 4.3.5 Schneider Electric Recent Developments
- 4.4 Siemens
  - 4.4.1 Siemens Power Distribution Automation Components Company Information
  - 4.4.2 Siemens Power Distribution Automation Components Business Overview
  - 4.4.3 Siemens Power Distribution Automation Components Production, Value and Gross Margin (2021-2026)
  - 4.4.4 Siemens Product Portfolio
  - 4.4.5 Siemens Recent Developments
- 4.5 Grid Solutions
  - 4.5.1 Grid Solutions Power Distribution Automation Components Company Information
  - 4.5.2 Grid Solutions Power Distribution Automation Components Business Overview
  - 4.5.3 Grid Solutions Power Distribution Automation Components Production, Value and Gross Margin (2021-2026)
  - 4.5.4 Grid Solutions Product Portfolio
  - 4.5.5 Grid Solutions Recent Developments
- 4.6 Larsen & Toubro
  - 4.6.1 Larsen & Toubro Power Distribution Automation Components Company Information
  - 4.6.2 Larsen & Toubro Power Distribution Automation Components Business Overview
  - 4.6.3 Larsen & Toubro Power Distribution Automation Components Production, Value and Gross Margin (2021-2026)
  - 4.6.4 Larsen & Toubro Product Portfolio
  - 4.6.5 Larsen & Toubro Recent Developments
- 4.7 G&W Electric
  - 4.7.1 G&W Electric Power Distribution Automation Components Company Information
  - 4.7.2 G&W Electric Power Distribution Automation Components Business Overview
  - 4.7.3 G&W Electric Power Distribution Automation Components Production, Value and Gross Margin (2021-2026)
  - 4.7.4 G&W Electric Product Portfolio
  - 4.7.5 G&W Electric Recent Developments
- 4.8 S&C Electric
  - 4.8.1 S&C Electric Power Distribution Automation Components Company Information
  - 4.8.2 S&C Electric Power Distribution Automation Components Business Overview
  - 4.8.3 S&C Electric Power Distribution Automation Components Production, Value and Gross Margin (2021-2026)
  - 4.8.4 S&C Electric Product Portfolio
  - 4.8.5 S&C Electric Recent Developments
- 4.9 Kalkitech
  - 4.9.1 Kalkitech Power Distribution Automation Components Company Information
  - 4.9.2 Kalkitech Power Distribution Automation Components Business Overview
  - 4.9.3 Kalkitech Power Distribution Automation Components Production, Value and Gross Margin (2021-2026)
  - 4.9.4 Kalkitech Product Portfolio
  - 4.9.5 Kalkitech Recent Developments

---

## 5 Global Power Distribution Automation Components Production by Region

5.1 Global Power Distribution Automation Components Production Estimates and Forecasts by Region: 2021 VS 2025 VS 2032

5.2 Global Power Distribution Automation Components Production by Region: 2021-2032

5.2.1 Global Power Distribution Automation Components Production by Region: 2021-2026

5.2.2 Global Power Distribution Automation Components Production Forecast by Region (2027-2032)

5.3 Global Power Distribution Automation Components Production Value Estimates and Forecasts by Region: 2021 VS 2025 VS 2032

5.4 Global Power Distribution Automation Components Production Value by Region: 2021-2032

5.4.1 Global Power Distribution Automation Components Production Value by Region: 2021-2026

5.4.2 Global Power Distribution Automation Components Production Value Forecast by Region (2027-2032)

5.5 Global Power Distribution Automation Components Market Price Analysis by Region (2021-2026)

5.6 Global Power Distribution Automation Components Production and Value, YOY Growth

5.6.1 North America Power Distribution Automation Components Production Value Estimates and Forecasts (2021-2032)

5.6.2 Europe Power Distribution Automation Components Production Value Estimates and Forecasts (2021-2032)

5.6.3 China Power Distribution Automation Components Production Value Estimates and Forecasts (2021-2032)

5.6.4 Japan Power Distribution Automation Components Production Value Estimates and Forecasts (2021-2032)

---

## 6 Global Power Distribution Automation Components Consumption by Region

6.1 Global Power Distribution Automation Components Consumption Estimates and Forecasts by Region: 2021 VS 2025 VS 2032

6.2 Global Power Distribution Automation Components Consumption by Region (2021-2032)

6.2.1 Global Power Distribution Automation Components Consumption by Region: 2021-2026

6.2.2 Global Power Distribution Automation Components Forecasted Consumption by Region (2027-2032)

6.3 North America

6.3.1 North America Power Distribution Automation Components Consumption Growth Rate by Country: 2021 VS 2025 VS 2032

6.3.2 North America Power Distribution Automation Components Consumption by Country (2021-2032)

6.3.3 United States

6.3.4 Canada

6.3.5 Mexico

6.4 Europe

6.4.1 Europe Power Distribution Automation Components Consumption Growth Rate by Country: 2021 VS 2025 VS 2032

6.4.2 Europe Power Distribution Automation Components Consumption by Country (2021-2032)

6.4.3 Germany

6.4.4 France

6.4.5 U.K.

6.4.6 Italy

6.4.7 Russia

6.4.8 Spain

6.4.9 Netherlands

6.4.10 Switzerland

6.4.11 Sweden

6.4.12 Poland

6.5 Asia Pacific

6.5.1 Asia Pacific Power Distribution Automation Components Consumption Growth Rate by Country: 2021 VS 2025 VS 2032

6.5.2 Asia Pacific Power Distribution Automation Components Consumption by Country (2021-2032)

6.5.3 China

6.5.4 Japan

|                                                                                                                                             |
|---------------------------------------------------------------------------------------------------------------------------------------------|
| 6.5.5 South Korea                                                                                                                           |
| 6.5.6 India                                                                                                                                 |
| 6.5.7 Australia                                                                                                                             |
| 6.5.8 Taiwan                                                                                                                                |
| 6.5.9 Southeast Asia                                                                                                                        |
| 6.6 South America, Middle East & Africa                                                                                                     |
| 6.6.1 South America, Middle East & Africa Power Distribution Automation Components Consumption Growth Rate by Country: 2021 VS 2025 VS 2032 |
| 6.6.2 South America, Middle East & Africa Power Distribution Automation Components Consumption by Country (2021-2032)                       |
| 6.6.3 Brazil                                                                                                                                |
| 6.6.4 Argentina                                                                                                                             |
| 6.6.5 Chile                                                                                                                                 |
| 6.6.6 Turkey                                                                                                                                |
| 6.6.7 GCC Countries                                                                                                                         |

## 7 Segment by Type

|                                                                                                             |
|-------------------------------------------------------------------------------------------------------------|
| 7.1 Global Power Distribution Automation Components Production by Type (2021-2032)                          |
| 7.1.1 Global Power Distribution Automation Components Production by Type (2021-2032) & (k units)            |
| 7.1.2 Global Power Distribution Automation Components Production Market Share by Type (2021-2032)           |
| 7.2 Global Power Distribution Automation Components Production Value by Type (2021-2032)                    |
| 7.2.1 Global Power Distribution Automation Components Production Value by Type (2021-2032) & (US\$ Million) |
| 7.2.2 Global Power Distribution Automation Components Production Value Market Share by Type (2021-2032)     |
| 7.3 Global Power Distribution Automation Components Price by Type (2021-2032)                               |

## 8 Segment by Application

|                                                                                                                    |
|--------------------------------------------------------------------------------------------------------------------|
| 8.1 Global Power Distribution Automation Components Production by Application (2021-2032)                          |
| 8.1.1 Global Power Distribution Automation Components Production by Application (2021-2032) & (k units)            |
| 8.1.2 Global Power Distribution Automation Components Production Market Share by Application (2021-2032)           |
| 8.2 Global Power Distribution Automation Components Production Value by Application (2021-2032)                    |
| 8.2.1 Global Power Distribution Automation Components Production Value by Application (2021-2032) & (US\$ Million) |
| 8.2.2 Global Power Distribution Automation Components Production Value Market Share by Application (2021-2032)     |
| 8.3 Global Power Distribution Automation Components Price by Application (2021-2032)                               |

## 9 Value Chain and Sales Channels Analysis of the Market

|                                                                          |
|--------------------------------------------------------------------------|
| 9.1 Power Distribution Automation Components Value Chain Analysis        |
| 9.1.1 Power Distribution Automation Components Key Raw Materials         |
| 9.1.2 Raw Materials Key Suppliers                                        |
| 9.1.3 Power Distribution Automation Components Production Mode & Process |
| 9.2 Power Distribution Automation Components Sales Channels Analysis     |
| 9.2.1 Direct Comparison with Distribution Share                          |
| 9.2.2 Power Distribution Automation Components Distributors              |
| 9.2.3 Power Distribution Automation Components Customers                 |

## 10 Global Power Distribution Automation Components Analyzing Market Dynamics

|                                                                                     |
|-------------------------------------------------------------------------------------|
| 10.1 Power Distribution Automation Components Industry Trends                       |
| 10.2 Power Distribution Automation Components Industry Drivers                      |
| 10.3 Power Distribution Automation Components Industry Opportunities and Challenges |
| 10.4 Power Distribution Automation Components Industry Restraints                   |

## 11 Report Conclusion
