Description

Drains are meant to carry bad waters and have to be covered with floor drain grates. These grates are covers installed on top of the drain holes to avoid large items (which may block the internal system) from falling into it. This report studies the Stainless Steel Floor Drains market.

Global Stainless Steel Floor Drains key players include Aliaxis Group, Zurn Industries, Watts Water Technologies (BLUCHER), ACO, Geberit, etc. Global top five manufacturers hold a share about 25%. Europe and North America is the largest market, both with a share about 30%, followed by China, with a share about 20 percent. In terms of product, Traditional Water Seal Floor Drains is the largest segment, with a share about 50%. And in terms of application, the largest application is Household Used, followed by Commercial Used, Industrial Used, Municipal Used, Marine Used, etc.
