Description

Third-party recruitment firms use staffing agency software to manage both the candidate and client sides of the hiring process. The software is good for recruiting both permanent placements and contract workers. Staffing management software is a combination of an applicant tracking system (ATS) and recruiting CRM (customer relationship management) system. The ATS portion lets you manage candidates and their information throughout the recruiting process. The CRM portion helps you maintain relationships with your clients and candidates.

The major players in global Staffing Agency Software market include Zoho Recruit, Bullhorn, Avionté, etc. The top 3 players occupy about 50% shares of the global market. North America and Europe are main markets, they occupy about 70% of the global market. Cloud-Based is the main type, with a share about 75%. Small and Medium Enterprises (SMEs) are main applications, which hold a share about 60%.

Report Scope

This report quantifies the global Staffing Agency Software market in terms of revenue (US\$ million) and, where applicable, service volume (K Units), using 2024 as the base year and providing annual historical and forecast data for 2021–2032.

It standardizes definitions of service Types and end-use Applications, harmonizes provider attribution, and delivers comparable time series by company, Type, Application, and region or country, including indicative price bands (US\$/K Units) and concentration ratios (CR5/CR10). Outputs are intended to support service design, budgeting, capacity planning, and benchmarking for providers, platforms, channel partners, and investors; the report also reviews technology shifts and notable service innovations relevant to Staffing Agency Software.

Key Companies & Market Share Insights

This section profiles leading service providers with 2021–2025 results and a 2026–2032 outlook—covering revenue, market share, price bands, service portfolio and client mix, regional and channel mix, and key developments (M&A, network expansion, certifications). It also provides global revenue, average price, and—where applicable—volume metrics by provider, and calculates CR5/CR10 and rank changes to support comparative benchmarking.
